

Center for Math & Statistics Support

## Math & Statistics Support

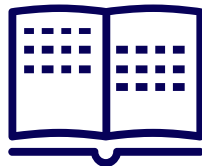

The C4MS<sup>2</sup> is leading the way in online and in-person tutoring. We offer excellent math and statistics tutoring to all UHD students.

## Digital Tools

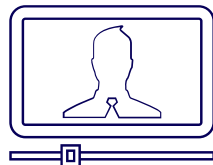

Math tutors are using tablets and online resources to assist with the tutoring process. Additionally, students can schedule tutoring appointments in UHD Navigate.

## Resource Generation

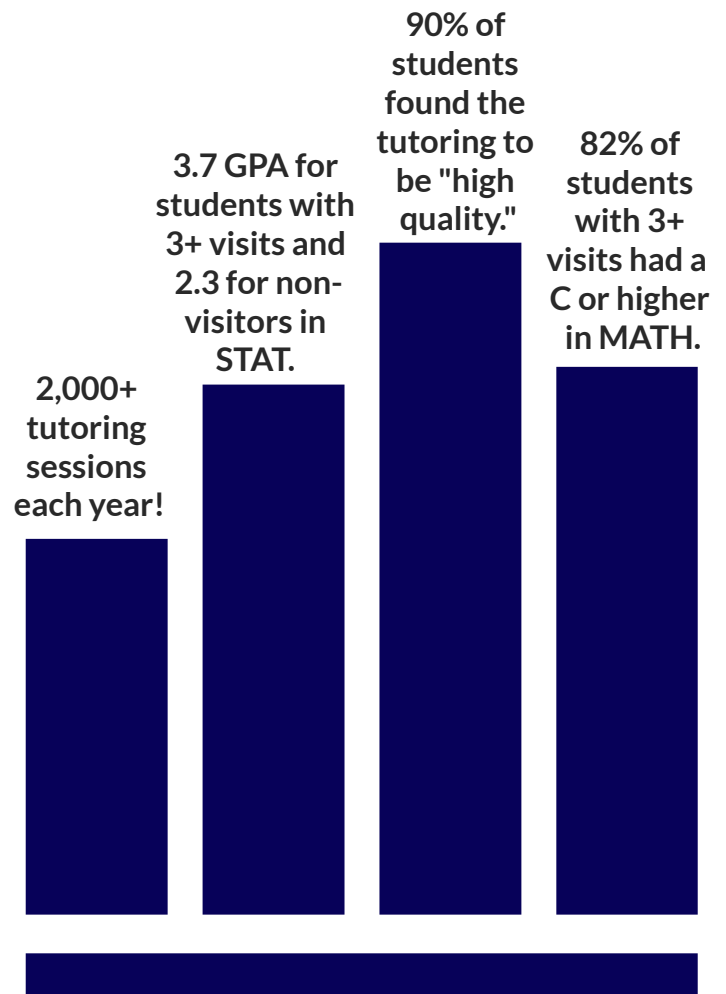

One focal point for the C4MS<sup>2</sup> is the generation of online resources for students. We continue to add to our online library of math materials.

## Invite & Collaborate

Our tutors would love to visit your classes and promote our services to your students directly. Please contact us at [mathcenter@uhd.edu](mailto:mathcenter@uhd.edu) to schedule a presentation.

## Key Numbers

For more information, visit our website at [uhd.edu/mathcenter](http://uhd.edu/mathcenter)
