Common Core Requirements

Students in all UH-Downtown undergraduate degree programs must complete a common core of courses consisting of 42 semester credit hours. The following table lists the Foundational Component Areas of the core, the number of semester credit hours (SCHs) required in each area, and the UH-Downtown courses that may be used to fulfill these requirements. Departments often suggest certain courses that they prefer their majors to take to fulfill some of the core requirements, so students should carefully study the degree plans that interest them. Degree plans may be found in the sections of this catalog describing the departments' programs and in degree program brochures available in departmental offices. A student transferring to UHD who has completed the common core requirements at another Texas institution of higher education will receive credit for each of the core courses transferred and will be considered to have fully satisfied all of UHD's common core requirements. A student transferring to UHD who has completed some, but not all, of the common core requirements at another Texas institution of higher education will receive credit for each of the core courses transferred and will be considered to have fully satisfied the corresponding common core requirements at UHD. The student must still satisfy any remaining UHD common core requirements. Students concurrently enrolled at more than one institution of higher education should follow the core curriculum requirements in effect for the institution where they are classified as degree-seeking students.
